Nursing Competency Exam Generations Home Care
The competency framework aligns the competencies with the Knowledge and Skills Framework of the National Health Service. (DoH 2004). This has at times resulted in certain competencies seeming to overlap with or be equally appropriate to dimensions other than the one in which they are included.

General Practice Nurse competency framework | GP ...
The term nursing competency refers to the capability of performing three main nursing skills, including clinical nursing care, the nurse’s ethical thinking, and accurate nursing skills. These skills are the core ones that are needed for a person to qualify as a nurse to take care of those in need. A nursing competency checklist is formed as a ‘to-do list’.
