It's the revolutionary world history study guide just for middle school students from the brains behind Brain Quest. *Everything You Need to Ace World History . . .* kicks off with the Paleolithic Era and transports the reader to ancient civilizations—from Africa and beyond; the middle ages across the world; the Renaissance; the age of exploration and colonialism, revolutions, and the modern world and the wars and movements that shaped it. The **BIG FAT NOTEBOOK™** series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only one book you need for each main subject taught in middle school: Math, Science, American History, English, and World History. Inside the reader will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in marker colors. Definitions explained. Doodles that illuminate tricky concepts. Mnemonics for a memorable shortcut. And quizzes to recap it all. The **BIG FAT NOTEBOOKS** meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun, and are the perfect next step for every kid who grew up on Brain Quest.

This brand-new manual prepares eighth graders throughout New Jersey to succeed on the required statewide science test. The author opens with a general overview of science—its purposes and methodology, its terminology, its close connection with mathematics, and its many different branches. Chapters that follow present introductions to the various sciences, from biology and ecology to physics and astronomy. Practice questions in every chapter help students measure their learning progress. The
