A succinct, up-to-date, and clinically relevant review of human physiology — trusted by generations of students and clinicians More than 600 full-color illustrations For more than four decades, Ganong's Review of Medical Physiology has been helping those in the medical field understand human and mammalian physiology. Applauded for its interesting and engagingly written style, Ganong's concisely covers every important topic without sacrificing depth or readability and delivers more detailed, high-yield information per page than any other similar text or review. Thoroughly updated to reflect the latest research and developments in important areas such as chronic pain, reproductive physiology, and acid-base homeostasis. Ganong's Review of Medical Physiology incorporates examples from clinical medicine to illustrate important physiologic concepts. Whether you're a student who needs an outstanding review for the USMLE or a physician who wants to keep pace with the ever-changing field of medical physiology, Ganong's belongs on your desk. NEW to this edition: Section introductions that provide a foundation for the topic being discussed Two types of review questions: end-of-chapter and board-style Increased number of clinical cases and flow charts — Expanded legends to help you learn more about the illustrations without having to refer back to the text

Due to the emergence of IFRS as the required convention for reporting to stock exchanges in the European Union and other important markets, accountants must gain a strong understanding of these standards. Intermediate Accounting integrates this new information throughout the chapters so they'll learn how to apply the new global accounting standards. Global examples are presented to clearly show how the information is utilized in the field. The use of various currencies is also explored, which is critical for accountants to know in today's global businesses environment.

Intermediate Accounting is the bestselling book that has powered the careers of countless

professionals. This new edition builds on the book's reputation for comprehensiveness, accuracy, and currency, incorporating all the recent changes to the accounting literature. Updated with the latest developments and standards in the field. The book includes a CD-ROM with an accounting cycle tutorial, a financial statement analysis primer, an annual report database, spreadsheet tools, career resources, and more. It will help readers develop the knowledge- and skills-base they need to succeed as professional accountants.
