Ankara University Computer Engineering Department

Getting the books **ankara university computer engineering department** now is not type of inspiring means. You could not unaccompanied going like book increase or library or borrowing from your connections to admission them. This is an very easy means to specifically acquire lead by on-line. This online statement ankara university computer engineering department can be one of the options to accompany you gone having extra time.

It will not waste your time. bow to me, the e-book will extremely appearance you supplementary situation to read. Just invest tiny get older to gain access to this on-line proclamation **ankara university computer engineering department** as without difficulty as review them wherever you are now.

Degree: Bachelor's Degree Duration: 4 years Language: English
Program Description: The department focuses its graduate teaching
and research programs in the following areas: digital image and
signal processing, fault-tolerant computing, software engineering,
distributed systems (software), simulation, theory and
implementation of (functional) languages, algorithm design and
analysis.

FACULTY OF ENGINEERING / Ankara University

Welcome to Ankara University Computer Vision and Machine
Learning Laboratory CVML Lab conducts research at
undergraduate, graduate (MSc & PhD) and postdoc levels. Our
research areas include various computer vision and machine
learning problems. We are using latest deep learning techniques in
classification, segmentation and data generation to solve various
problems
