*human rights concept and context*

"In *Human Rights: Concept and Context*, Brian Orend provides us with a remarkably irenic analysis of the main concepts, debates and thinkers that have fleshed out the modern idea of human rights. His achievement lies in his ability to identify how all three have variously advanced the idea and, in Professor Louis Henkin's language, have contributed to making this the Age of Rights.

and history—of concept and context—is rare in a book on human rights, most of which are either theoretical or historical. Although there are many cross-references between the book's two parts, they can, if desired, be read and treated separately. Whether to read the theory part or the history part first is up to the reader. One note
