Leading scholars summarize the current research on risk, protection, and resilience in the context of youth violence and its implications for practice with children and families. It describes an emerging framework for understanding social and health problems and for developing more effective programs for interventions. This book describes resilient children by examining risk factors for violence and explores the factors that lead some children to resist or adapt to risk. The concept of resilience has been applied to family, school, neighborhood, and organizational contexts. Educational, family, and community resilience are used as the framework to describe social systems that possess risk factors. By understanding why some systems with risk factors are adaptable, information for assessment can be applied to service plans, that will be more effective in treating children at risk of antisocial, aggressive behavior.

If coffee from a can or jar is your idea of purgatory, THE JOY OF COFFEE is the book for you. Its author, Corby Kummer, originally came to the subject of coffee while writing a series of articles for the Atlantic Monthly, and he found so much to say about the bean that he decided to write a book. Kummer began with some basic questions: "What matters most in buying coffee? How can you sort through the jumble of place names and whimsical labels on beans and blends? Is a dark roast better, more sophisticated, than a light roast? Is it essential to grind coffee beans at home?" What he learned in response to these queries comprises the bulk of THE JOY OF COFFEE. Starting with a tour of a coffee plantation and ending in the reader's own kitchen, Kummer leads a lively and informative discussion of all phases of coffee production, from harvesting to roasting to brewing. He discusses different roasts and the different types of coffeemakers, and he even talks about caffeine consumption and methods of decaffeination that preserve the bean's flavor. At the end of THE JOY OF COFFEE is a chapter chock full of recipes for tasty treats that either go well with coffee or include it as an ingredient. Like a great cup of Joe, THE JOY OF COFFEE is good to the very end.
