**Mindfulness-Based Eating Awareness Training for Professionals**  
This chapter describes Mindfulness-Based Eating Awareness Training (MB-EAT), an intervention for overeating and obesity. Mindfulness practices develop the capacity for self-directed attention to hunger and satiety as well as emotional, social, and environmental triggers for eating.

**Mindfulness-Based Eating Awareness Training: Treatment of...**  
MB-EAT involves training in mindfulness meditation and guided mindfulness practices that are designed to address the core issues of BED: controlling responses to varying emotional states; making conscious food choices; developing an awareness of hunger and satiety cues; and cultivating self-acceptance. Evidence to date supports the value of MB-EAT in decreasing binge episodes, improving one's sense of self-control with regard to eating, and diminishing depressive symptoms.

**Mindfulness-based eating awareness training for treating...**  
The Mindfulness-Based Eating Awareness Training (MB-EAT) or the Mindful Eating class is an intensive 6-week program that blends mindful eating exercises with mindfulness meditation practice to cultivate more moment-to-moment awareness of self, particularly around food.

**Mindfulness-Based Eating Awareness Training / Mindful Eating**  
This paper reviews the conceptual foundation of mindfulness-based eating awareness training (MB-EAT). It provides an overview of key therapeutic components as well as a brief review of current research. MB-EAT is a group intervention that was developed for treatment of binge eating disorder (BED) and related issues.

**Mindfulness-Based Eating Awareness Training for Treating...**  
A randomized controlled trial of mindfulness-based eating awareness training (MB-EAT) for those with threshold or sub-threshold binge eating disorder revealed a trend level reduction in emotional eating relative to controls [ 50 ].

**Mindfulness-based Eating Awareness Training Program...**  
Spring 2014. Mindful eating is a way of eating that can create a whole new relationship with food. It provides us with an opportunity to pay close attention to the wisdom of our bodies as opposed to the judgmental, harsh and simultaneously demanding, insatiable voice in our head. It grants us space to calm ourselves as we prepare a meal and again before we begin to eat so we can be totally present for the experience.

**Mindful Eating for Life | Mindfulness-Based Eating...**  
In the Mindfulness-Based Eating Awareness Training program (MB-EAT) (Kristeller and Wolever, 2014; Kristeller and Wolever, in press), mindfulness practice is taught, mindful eating is cultivated, and self-acceptance and spiritual well-being are enhanced.

**Mindful Eating: Connecting With the Wise Self, the...**  
Eight sessions of Mindfulness Based Eating and Awareness Training (MB-EAT) will be delivered once per week over the course of 8 weeks, following an introductory session. The treatment uses general mindfulness meditation and eating meditation to help participants bring greater awareness and understanding to their relationship with food.
