Over 1,300 total pages ... To the young man or woman choosing a Navy career field, whether for one enlistment or for 30 years, the journalist rating offers endless avenues for an imaginative, yet mature, thinker. Many of the duties and responsibilities of the journalist rank among Americans ' favorite hobbies and pastimes, such as writing, broadcasting and photography. The Navy journalist learns and practices a distinguished profession and becomes an official representative of the Navy in public affairs matters. The first enlisted specialists to work full time in the field of Navy journalism were Naval Reserve personnel selected during the early years of World War II. They were designated Specialist X (Naval Correspondents). In 1948, under a major overhaul affecting almost every enlisted rating, the journalist (JO) rating was established. MAJOR TASKS AND RESPONSIBILITIES LEARNING OBJECTIVE: Identify the major tasks and responsibilities of the Navy journalist, the personal traits required for one to best perorm the duties of the rating, the applicable NECs, and the purpose of the JO 3 & 2 training manual (TRAMAN). In our democratic society, government depends on the consent of the governed. This important principle means that, in the long run, the United States government does only what the people want it to do. Therefore, we can have a Navy only if the people know and understand the importance of the Navy and support it. The Navy, like the other services, depends on this country ' s citizens for the four key tools of its trade — personnel, money, materials and the authority to carry out its mission. As a Navy journalist, your main function will be to make the facts about your Navy available to the Navy ' s three main publics — the people at your ship or station, Navy people in general and the people of the United States as a whole.

Patricia Osborn earned a B.A. in journalism and her teaching credentials from Bowling Green State University in Ohio. She has taught English, journalism and composition in the Toledo, Ohio, Public Schools where she also served as adviser to several school newspapers and as English Department chair. Before becoming a teacher, Ms. Osborn was a general news reporter on the Marion Star.

Welcome to the world of journalism! There are not many books that can serve as useful guides to the students of journalism and more so for students of print journalism. In fact, as one involved in teaching of journalism alongside working as a full-time journalist, we felt that teaching at journalism schools was completely bereft of practise and there was more emphasis on theoretical part. It is this lacuna that two of us with experience of working with national dailies have tried to fill. This book is a complete book of print journalism as authors have devoted special chapters on print journalism, what news is, news reporting, feature and middle writing, writing of headlines and intros, inverted-pyramid style of writing, developmental journalism, investigative journalism, business journalism, glossary of newspaper terms, press laws and self-regulation, structure and departments of a newspaper, and yoga and spirituality for more positivity in mass media. Written in an easy-to-understand manner, this book can do wonders for you and would be your companion for years to come. All the best! —Charanjit Ahuja and Bharat Hiteshi
