A pleasant antidote to the deification of murderous drug kingpin Pablo Escobar, 'Beyond Narcos' is a solid rebuttal that focuses on the good and bad of Senor Escobar. It's the old thing of 'he loved his mother, he looked after the poor and he slept with an image of Jesus nearby' - except Escobar is a ruthless killer whose means of torturing those who let him down is particularly grisly.

Take a bow Mr. Attwood. At long last, an author who dared to call it as it was. This book is indeed beyond Narcos - way beyond! The TV show just skirted around the CIA angle. Infact, there was another Colombian TV serial - 'Pablo Escobar - El Patron del Mal', which was more detailed than Narcos, but sadly that one missed out completely on the US angle.

Netflix Just Announced Season 3 of Narcos: Mexico - E! Online

Excellent book about the Colombian drug lord Pablo Escobar. As well as telling the story of the rise and fall of the infamous criminal. Shaun's book covers some of the things Narcos left out and corrects some of the errors portrayed onscreen. I'm looking forward to the follow up Shaun is currently working on.

The mind-blowing true story of Pablo Escobar and the Medellín Cartel beyond their portrayal on Netflix. Colombian drug lord Pablo Escobar was a devoted family man and a psychopathic killer; a terrible enemy, yet a wonderful friend. While donating millions to the poor, he bombed and tortured his enemies - some had their eyeballs removed with hot spoons. Through ruthless cunning and America's insatiable appetite for cocaine, he became a multi-billionaire, who lived in a \$100-million house with its own zoo. Pablo Escobar: Beyond Narcos demolishes the standard good versus evil telling of his story. The authorities were not hunting Pablo down to stop his cocaine business. They were taking over it. Shaun Attwood's War on Drugs trilogy - Pablo Escobar, American Made, and We Are Being Lied To - is a series of harrowing, action-packed and interlinked true stories that demonstrate the catastrophic consequences of drug prohibition."

An electrifying account of the Cali Cartel beyond its portrayal on Netflix. From the ashes of Pablo Escobar's empire rose an even bigger and more malevolent cartel. A new breed of sophisticated mobsters became the kings of cocaine. Their leader was Gilberto Rodríguez Orejuela - known as the Chess Player due to his foresight and calculated cunning. Gilberto and his terrifying brother, Miguel, ran a multi-billion-dollar drug empire like a corporation. They employed a politically astute brand of thuggery and spent \$10 million to put a president in power. Although the godfathers from Cali preferred bribery over violence, their many loyal torturers and hit men were never idle. Shaun Attwood's WAR ON DRUGS SERIES - PABLO ESCOBAR, AMERICAN MADE, WE ARE BEING LIED TO and THE CALI CARTEL - are harrowing, action-packed and interlinked true stories that demonstrate the devastating consequences of drug prohibition.

An electrifying account of the Cali Cartel beyond its portrayal on Netflix.

"Barry Seal flew cocaine and weapons worth billions of dollars into and out of America in the 1980s. After he became a government informant, Pablo Escobar's Medellín Cartel offered a million for him alive and half a million dead. But his real trouble began after he threatened to expose the dirty dealings of George HW Bush. American Made rips the roof off Bush and Clinton's complicity in cocaine

trafficking in Mena, Arkansas."--Back cover.

This is the story of the most successful cocaine dealers in the world: Pablo Escobar Gaviria, Jorge Luis Ochoa Vasquez, Carlos Lehder Rivas and Jose Gonzalo Rodriguez Gacha. In the 1980s they controlled more than fifty percent of the cocaine flowing into the United States. The cocaine trade is capitalism on overdrive -- supply meeting demand on exponential levels. Here you'll find the story of how the modern cocaine business started and how it turned a rag tag group of hippies and sociopaths into regal kings as they stumbled from small-time suitcase smuggling to levels of unimaginable sophistication and daring. The \$2 billion dollar system eventually became so complex that it required the manipulation of world leaders, corruption of revolutionary movements and the worst kind of violence to protect.

Pablo Escobar was a mama's boy who cherished his family and sang in the shower, yet he bombed a passenger plane and formed a death squad that used genital electrocution. Most Escobar biographies only provide a few pieces of the puzzle, but this action-packed 1000-page book reveals everything about the king of cocaine. Mostly translated from Spanish, Part 1 contains stories untold in the English-speaking world, including: The tragic death of his youngest brother Fernando. The fate of his pregnant mistress. The shocking details of his affair with a TV celebrity. The presidential candidate who encouraged him to eliminate their rivals.

"I have many scars. Some of them are physical, but many more are scars on my soul. A bomb sent to kill me while I was in a maximum security prison has made me blind, yet now I see the world more clearly than I have ever seen it before. I have lived an incredible adventure. I watched as my brother, Pablo Escobar, became the most successful criminal in history, but also a hero to many of the people of Colombia. My brother was loved and he was feared. Hundreds of thousands of people marched in his funeral procession, and certainly as many people celebrated his death." These are the words of Roberto Escobar-the top accountant for the notorious and deadly Medellín Cartel, and brother of Pablo Escobar, the most famous drug lord in history. At the height of his reign, Pablo's multibillion-dollar operation smuggled tons of cocaine each week into countries all over the world. Roberto and his ten accountants kept track of all the money. Only Pablo and Roberto knew where it was stashed-and what it bought. And the amounts of money were simply staggering. According to Roberto, it cost \$2,500 every month just to purchase the rubber bands needed to wrap the stacks of cash. The biggest problem was finding a place to store it: from secret compartments in walls and beneath swimming pools to banks and warehouses everywhere. There was so much money that Roberto would sometimes write off ten percent as "spoilage," meaning either rats had chewed up the bills or dampness had ruined the cash. Roberto writes about the incredible violence of the cartel, but he also writes of the humanitarian side of his brother. Pablo built entire towns, gave away thousands of houses, paid people's medical expenses, and built schools and hospitals. Yet he was responsible for the horrible deaths of thousands of people. In short, this is the story of a world of riches almost beyond mortal imagination, and in his own words, Roberto Escobar tells all: building a magnificent zoo at Pablo's opulent home, the brothers' many escapes into the jungles of Colombia, devising ingenious methods to smuggle tons of cocaine into the United States, bribing officials with literally millions of dollars-and building a personal army to protect the Escobar family against an array of enemies sworn to kill them. Few men in history have been more beloved-or despised-than Pablo Escobar. Now, for the first time, his story is told by the man who knew him best: his brother, Roberto.

"THE INTERNATIONAL BEST SELLER! When Pablo Escobar died in 1993, his seventeen-year-old son initially vowed revenge. But Juan Pablo quickly recognized that reaction entailed following in his father's footsteps--something neither he nor his father ever wanted. Their lives in immense danger, Juan Pablo, his mother, and his sister assumed new identities and fled to Argentina, where he would spend the next two decades grappling with his father's legacy. Now an architect and advocate of drug policy reform, Juan Pablo breaks his silence to tell his side of the story, shedding new light on the infamous kingpin--the man who was also his loving father"--

With the suppression of the Colombian cartels, the Mexican crime syndicates took over the Latin American drug trade, controlling ninety per cent of the cocaine entering the US. This is their story.

Known in history as one of the ruthless Columbian drug lord, the life of Pablo Emilio Escobar Gaviria will remain forever as the ' King of Cocaine '. He would be remembered throughout Colombia as the toughest criminal of all times. Instead of gaining his authority and power through politics as ' President ', Pablo became one of the world ' s notorious criminal, and ruled not the country but the Medellín cartel. His name rose to fame, and his notorious act that he carried out from 1970 to 1980 was well documented. Later in his criminal career as a drug dealer, Escobar collaborated with other tough criminals from the Medellín Cartel and subsequently controlled more than 80% of the cocaine that is shipped to the U.S. Discover more about his life, his biography and more about his criminal and political career as you read this book.
