Scrum Basics: A Very Quick Guide to Agile Project ...
A n important principle in Scrum is the idea of transparency. All team members involved should be aware of what everyone else is working on, progress being made, and what the team is trying to accomplish. That's why making things visible for all to see is so important. A big piece of this is the Scrum Board. This is a place where you can organize your Backlog, as well as tasks that are being worked on in the current sprint and their progress.
