In glancing over my notes of the seventy odd cases in which I have during the last eight years studied at the methods of my friend Sherlock Holmes, I find many tragic, some comic, a large number merely strange, but none commonplace. So writes Dr. Watson, sidekick, and partner-in-crime-solving to the great detective, Sherlock Holmes, in one of the ten classic tales of mystery and detection collected in this volume. Included are several stories that Holmes's creator, Arthur Conan Doyle, himself selected as the intrepid pair's greatest adventures, among them A Scandal in Bohemia, The Speckled Band, The Red-Headed League, and The Final Problem, in which Doyle famously 'killed off his' creation. The book also includes the complete short novel The Hound of the Baskervilles. Sherlock Holmes: Classic Stories is one of Barnes & Noble's Collectible Editions classics. "It is simplicity itself," said he; "my eyes tell me that on the inside of your left shoe, just where the firelight strikes it, the leather is scored by six almost parallel cuts. Obviously they have been caused by someone who has very carelessly scraped round the edges of the sole in order to remove crusted mud from it. Hence, you see, my double deduction that you had been out in vile weather, and that you had a particularly malignant boot-slitting specimen of the London slavely. As to your practice, if a gentleman walks into my rooms smelling of iodoform, with a black mark of nitrate of silver upon his right forefinger, and a bulge on the right side of his top-hat to show where he has secreted his stethoscope, I must be dull, indeed, if I do not pronounce him to be an active member of the medical profession."
