Tangible Strategies is Greenville, SC's premier choice for small business marketing. We specialize in branding, custom websites, and social media.

THE ULTIMATE CRASH COURSE IN DIGITAL MARKETING The digital age is here—and it's developing rapidly. Regardless of your industry, sector, or geography, you need to understand the power of digital strategies to market your brand, reach your audience, and broaden your framework for success. This comprehensive, all-in-one guide combines the collective insights of top digital marketers, consultants, and academics—each one an expert in his or her field. With the proven techniques of Strategic Digital Marketing, you'll be able to: Plan, strategize, and implement a complete marketing campaign that best suits you and your company. Use social media like Facebook and Twitter to not only engage your target audience, but get real results. Improve your website and supersize your media presence through liquid content, mobile apps, engaging videos, social contests, and more. Develop a logical and balanced approach to digital, using the proper tools, to measure and maximize return on investment (ROI). Reshape your management framework and redesign your company for digital-era growth, functionality, and success. These are the same market-tested strategies Fortune 500 companies are using to take advantage of the exciting new opportunities that only digital media provides. You'll discover the 10 traits of digital leadership, the six habits of highly-successful firms, and the one true goal of digital marketing. You'll read first-hand accounts of social media in action—and follow real-world case studies of the hottest companies trending today. You'll also find need-to-know information on red-button subjects like emerging mobile technologies, legal guidelines for digital marketing, search engine optimization, and so much more. Digital media has changed the world as we know it. Strategic Digital Marketing will change the way you live, work, grow . . . and succeed.

This book shows you how to use social media analytics to optimize your business performance. The tools discussed will prepare you to create and implement an effective digital marketing strategy. From understanding the data and its sources to detailed metrics, dashboards, and reports, this book is a robust tool for anyone seeking a tangible return on investment from social media and digital marketing. Social Media Analytics Strategy speaks to marketers who do not have a technical background and creates a bridge into the digital world. Comparable books are either too technical for marketers (aimed at software developers) or too basic and do not take strategy into account. They also lack an overview of the entire process around using analytics within a company project. They don't go into the everyday details and also don't touch upon common mistakes made by marketers. This book highlights patterns of common challenges experienced by marketers from entry level to directors and C-level executives. Social media analytics are explored and explained using real-world examples and interviews with experienced professionals and founders of social media analytics companies. What You'll Learn Get a clear view of the available data for social media marketing and how to access all of it Make use of data and information behind social media networks to your favor Know the details of social media analytics tools and platforms so you can use any tool in the market Apply social media analytics to many different real-world use cases Obtain tips from interviews with professional marketers and founders of social media analytics platforms Understand where social media is heading, and what to expect in the future Who This Book Is For Marketing professionals, social media marketing specialists, analysts up to directors and C-level executives, marketing students, and teachers of social media analytics/social media marketing

Digital marketing now represents 25% of the marketing spend in the UK and this is predicted to move to 50% or higher within the next three years. Understanding Digital Marketing looks at the world of digital marketing: how it got started, how it got to where it is today, and where the thought leaders in the industry believe it is headed in the future. This authoritative title demonstrates how to harness the power of digital media and use it to achieve the utmost success in business, now and

in the future. Understanding Digital Marketing deals with every key topic in detail, including: search marketing, social media, Google, mobile marketing, affiliate marketing, e-mail marketing, customer engagement and digital marketing strategies. Essential reading for both practitioners and students alike, and including real-world examples of digital marketing successes and expert opinions, Understanding Digital Marketing provides you with tools to utilize the power of the internet to take your company wherever you want it to go.

The digital economy is a driver of change, innovation, and competitiveness for international businesses and organizations. Because of this, it is important to highlight emergent and innovative aspects of marketing strategies and entrepreneurial approaches to overcome the challenges of the digital world. The Handbook of Research on Entrepreneurship and Marketing for Global Reach in the Digital Economy provides innovative insights into the key developments and new trends associated with online challenges and opportunities. The content within this publication represents research encompassing corporate social responsibility, economic policy, and female entrepreneurship, and it is a vital reference source for policymakers, managers, entrepreneurs, graduate-level business students, researchers, and academicians seeking coverage on topics centered on conceptual, technological, and design issues related to digital developments in the economy.

Since the first edition of this landmark textbook, online shopping has grown exponentially to the point that it now threatens to eclipse the high street. With online retail offering both advantages and challenges that are distinct from traditional commerce, this textbook provides new approaches to retailing and as such helps readers to take advantage of new digital technologies. This long-awaited new edition provides a thorough and substantial update to its solid core principle of digital retailing and its relationship with conventional retail methods. These principles are explained clearly and practically to provide students, entrepreneurs and researchers with a reliable guide to the implementation and operation of a successful online retailing business. Updates to this edition include: Search engine marketing and search engine optimization. New and updated case studies, including Tesco's virtual store, Ray-Ban's smart mirror, IKEA's mobile catalogue and Nordstrom's TextStyle. Social networks and electronic word-of-mouth communication. A new chapter on ubiquitous retailing. A brand new companion website to support tutors. With accessibly written features such as key learning points, questions, think points and further reading, Internet Retailing and Future Perspectives is ideal for anyone using, studying or researching digital commerce.

This book explores the relationships between popular music, technology, and the changing media ecosystem. More precisely, it looks at infrastructures and practices of music making and consuming primarily in the post-Napster era of digitization – with some chapters looking back on the technological precursors to digital culture – marked by the emergence of digital tools and platforms such as YouTube or Spotify. The first section provides a critical overview of theories addressing popular music and digital technology, while the second section offers an analysis of the relationship between musical cultures, taste, constructions of authenticity, and technology. The third section offers case studies on the materialities of music consumption from outside the western core of popular music production. The final section reflects on music scenes and the uses and discourses of social media.

This is as much the story of Indian advertising as it is about India. Ad veteran Ambi Parameswaran looks at how advertising has evolved, reflecting the country's culture, politics and economy in the last fifty years. From sartorial taste and food habits to marriage and old age, music and language to celebrities and censorship, Ambi examines over a hundred ads to study how the Indian consumer has changed in the past five decades and how advertising and society have shaped each other. Combining anecdote and analyses to give us a slice of modern history, Ambi evaluates the relationship between affluence, aspiration and desire in India. Exploring trends and impacts, he covers the ads that captured the imagination of the entire country. From 'Only Vimal' and 'Jai Jawan Jai Kisan' to 'Jo biwi se kare pyaar' and the controversial Tuffs shoes campaign, the book is a memorable journey through brands, consumers and the world of advertising.

Digital Marketing: A Practical Approach 2nd Edition is a step-by-step guide to marketing using the Internet. Concentrating on the operational and functional aspects of this dynamic subject, the book is packed with tactical advice and real-life examples from those leading the field to help you succeed. Written as an accessible guide to equip you for the digital element of any contemporary marketing role, Digital Marketing covers all the key topics including search engine optimization and social media marketing. With real-world case studies to illustrate digital marketing in practice and exercises to help you analyse, plan and execute effective strategies within the workplace, this practical resource will prepare you to undertake digital marketing across a variety of organizations. More than just a book, this complete package features an associated website at AlanCharlesworth.eu/DigitalMarketing which hosts the case studies for the book, offers further tips and advice and provides access to a wealth of extra material such as up-to-date references and web links. This new, second edition builds on the first edition's success by addressing the key recent developments in digital marketing including an expanded section on social media marketing and an appreciation of the impact of mobile devices. Moreover, it's been thoroughly updated throughout, with brand new cases and examples with an international range, all of which encourage the reader to quickly learn the practical applicability of the theory and practice of emarketing.

Digital Marketing discusses about modern marketing methods both online and offline. It speaks about the importance of digital marketing platforms. Through different chapters, the author gives a clear picture of modern marketing techniques such as Facebook Marketing, WhatsApp Marketing, Instagram Marketing, Twitter Marketing, Interactive Marketing, Mobile Marketing, Visual Marketing, Online Marketing, Search Engine Marketing, Pay-Per-Click marketing, Social Media Marketing, Customer Data Platform, etc. The book also speaks about App-based marketing, In-game mobile marketing, display advertising, Web banner advertising, frame ad (traditional banner), Pop-ups/pop-unders, Floating ad, Expanding ad, Trick banners, News Feed Ads, Display advertising process, Text ads, Search engine marketing, Search engine optimization, Sponsored search, Social media marketing, cost per mille (CPM), cost per click (CPC), cost per engagement (CPE), cost per view (CPV), cost per install (CPI). The book is designed to make Digital Marketing simple and convenient to all. This is an inclusive work that provides essential approaches and key concepts of digital marketing. It outlines the modern marketing framework through online and offline platforms. It also explains how to attract consumers by interacting with clients through their cell phone, exciting their imagination and experience with digital display by social media platforms and develop their mind by SEO search and by intriguing them with email marketing that speak to their particular interest.

The Routledge Companion to Strategic Marketing offers the latest insights into marketing strategy. Bodo Schlegelmilch and Russ Winer present 29 specially commissioned chapters, which include up-to-date thinking on a diverse range of marketing strategy topics. Readers benefit from the latest strategic insights of leading experts from universities around the world. Contributing authors are from, among others, the U.S. (Berkeley, Cornell, MIT, New York University, Texas A&M), Europe (the Hanken School of Economics, INSEAD, the University of Oxford, the University of Groningen, WU Vienna) and Asia (the Indian School of Business, Tongji University). The topics addressed include economic foundations of marketing strategy, competition in digital marketing strategy (e.g. mobile payment systems and social media strategy), marketing strategy, and corporate social responsibility, as well as perspectives on capturing the impact of marketing strategy. Collectively, this authoritative guide is an accessible tool for researchers, students, and practitioners.
