A personal journey through some of the darkest moments of the cold war and the early days of television news Marvin Kalb, the award-winning journalist who has written extensively about the world he reported on during his long career, now turns his eye on the young man who became that journalist. Chosen by legendary broadcaster Edward R. Murrow to become one of what came to be known as the Murrow Boys, Kalb in this newest volume of his memoirs takes readers back to his first days as a journalist, and what also were the first days of broadcast news. Kalb captures the excitement of being present at the creation of a whole new way of bringing news immediately to the public. And what news. Cold War tensions were high between Eisenhower's America and Khrushchev's Soviet Union. Kalb is at the center, occupying a unique spot as a student of Russia tasked with explaining Moscow to Washington and the American public. He joins a cast of legendary figures along the way, from Murrow himself to Eric Severeid, Howard K. Smith, Richard Hottelet, Charles Kuralt, and Daniel Schorr among many others. He finds himself assigned as Moscow correspondent of CBS News just as the U2 incident—the downing of a US spy plane over Russian territory—is unfolding. As readers of his first volume, *The Year I Was Peter the Great*, will recall, being the right person, in the right place, at the right time found Kalb face to face with Khrushchev. Assignment Russia sees Kalb once again an eyewitness to history—and a writer and analyst who has helped shape the first draft of that history.

Democratic policing today is a widely used approach to policing not only in Western societies but increasingly around the world. Yet it is rarely defined and it is little understood by the public and even by many of its practitioners. Peter K. Manning draws on political philosophy, sociology and criminal justice to develop a widely applicable fundamental conception of democratic policing. In the process he delineates today's relationship between democracy and policing. *Democratic Policing in a Changing World* documents the failure of police reform, showing that each new approach - such as crime mapping and 'hot spots' policing - fails to alter any fundamental practice and has in fact increased social inequalities. He offers a new and better approach for scholars, policy makers, police, governments and societies.
