As a way of teaching her little boy about sexual abuse, a mother tells him the story of a child who was lured into the neighbor's house to see some non-existent kittens.

Reading is not for everybody, but everybody has to read. This is a light-hearted look at reading dislikes and difficulties. The I Hate to Read Book pokes fun at teachers, parents, and others who push readers (young and old) who don't want to be pushed. For once, give them a book that they'll enjoy. And, it's short.

Here comes trouble! A super-doooper picture book featuring the one and only Daisy! Daisy does NOT like peas. And there is NOTHING that will get her to eat them. Mum says she can have an extra pudding, a chocolate factory or a space rocket with double retro laser blammers - but it just won't work! Can quick-thinking Daisy save her tea time and come up with a cunning plan to turn the tables on Mum? This is a wickedly funny book about dinner time which will appeal to fussy eating children and their despairing parents!

My story is about the bond between the Oak and his residents, and the good and bad times they live through together. A few natural science facts are woven into the plot for the more curious readers. Recommended age: 3-7 years.

Feeling different, especially as a kid, can be tough. But in the same way that different types of plants and flowers make a garden more beautiful and enjoyable, different types of people make our world more vibrant and wonderful. In Just Ask, United States Supreme Court Justice Sonia Sotomayor celebrates the different abilities kids (and people of all ages) have. Using her own experience as a child who was diagnosed with diabetes, Justice Sotomayor writes about children with all sorts of challenges--and looks at the special powers those kids have as well. As the kids work together to build a community garden, asking questions of each other along the way, this book encourages readers to do the same- When we come across someone who is different from us but we're not sure why, all we have to do is Just Ask.

There's only one rule in Larry's book: don't push the button. (Seriously, don't even think about it!) Even if it does look kind of nice, you must never push the button. Who knows what would happen? Okay, quick. No one is looking... push the button. Uh, oh.

Includes the following information: Classroom vignettes that demonstrate how read-aloud conversations are teachable moments, Suggestions for choosing books, Examples of teaching strategies that work especially well during read-alouds, and Discussion of the role of evaluation and assessment in read-aloud.

As a child, there are constantly people trying to pick you up, hug you, or tickle you. Sometimes, though, children fall victims to people who try to touch them inappropriately. But how do you tell someone, most likely an adult, that you don't want to be touched? Or, if it has already happened, how do you tell an adult you trust about what happened? You're only a child, and they're the adults. Why would they believe you? My Body Belongs to Me! is an educational tool to help instill confidence in children when it comes to their bodies. The narrative of the story is led by a girl named Clara, who encourages kids to say [no] if they are uncomfortable with physical contact. The narrator gives readers tips about what they can say or do to avoid unwanted physical contact, or how to tell the right people in the event it has already occurred. My Body Belongs to Me! is an invaluable resource that gives children a voice in uncomfortable situations. Suited for children ages 3 to 6, this should be in all doctor's offices, counselor's offices, and all parents should read to their preschool-aged children to teach them how to effectively say no to unwanted touching and how to report unwanted touching if it does occur.

An entertaining picture book that teaches the importance of asking for permission first as a young girl attempts to escape the curious hands that want to touch her hair. It seems that wherever Aria goes, someone wants to touch her hair. In the street, strangers reach for her fluffy curls; and even under the sea, in the jungle, and in space, she's chased by a mermaid, monkeys, and poked by aliens...until, finally, Aria has had enough! Author-illustrator Sharee Miller takes the tradition of appreciation of black hair to a new, fresh, level as she doesn't seek to convince or remind young readers that their curls are beautiful--she simply acknowledges black beauty while telling a fun, imaginative story.

From the coauthor of Dork Diaries comes a witty and engaging picture book about a prankster who wants to pull off the best prank of all!Pranking the Tooth Fairy! Kaylee loves pulling pranks: from dropping water balloons on passers by to even tricking Santa Claus, she's a prize-winning prankster! But is she the Princess of Pranks? No! That title is held by none other than the Tooth Fairy. But when Kaylee loses a tooth and the Tooth Fairy goes about her usual tooth-taking business, Kaylee pranks her with a fake frog. As Kaylee and the Tooth Fairy try to out-prank one another, things get way out of hand, until the two finally see eye and eye and decide to share the crown!
